

# Service documentation for EOOSC providers Workshop 1: Describing your service for onboarding

November 9, 2022

The EOOSC Future project is co-funded by the European Union Horizon Programme call INFRAEOOSC-03-2020, Grant Agreement 101017536

# Agenda

<i>Time</i>	<i>Topic</i>
13:00 – 13:10	Welcome!
13:10 – 13:25	Service documentation: what, why & how (in main meeting)
13:25 – 13:50	Exercise 1: examples of service descriptions in the EOSC Marketplace (in breakout rooms)
13:50 – 14:00	Break
14:00 – 14:40	Exercise 2: describe your own service (in breakout rooms)
14:40 – 15:00	Summary & wrap-up (in main room)

NOTE: Exercise 2 kicks off at 14:00 sharp (in the main Zoom meeting)!

# “Housekeeping”

1. We won't be recording – but all slides and exercise materials will be shared during & after the workshop
2. You are encouraged to use your full name & affiliation in the Zoom participant list
3. Please interact with each other, in the breakouts and discussions!
4. Be nice & courteous, and remember we are all learners today
5. Have fun!

# About the EOSC Future work package (WP) 9

- Part of 6 thematic pillars - [WP9 is building training and skills](#) for EOSC and EOSC Future
- Targeting **5 stakeholder (actor) groups**
- **Consolidate EOSC-related learning resources** from other projects and initiatives **and develop new ones**
- Create a centralised resource for EOSC-related learning: **the EOSC Knowledge Hub**
- Promote best practices and **FAIR principles**
- Align and **collaborate** with other ongoing EOSC-related projects
- Engage with the wider non-EOSC community
- Create a **long-term, sustainable** solution for EOSC learning

# But first, a few questions about you!

# A brief introduction to service documentation

Maggie Hellström  
ICOS Carbon Portal & ENVRI-FAIR

November 9, 2022

The EOOSC Future project is co-funded by the  
European Union Horizon Programme call  
INFRAEOOSC-03-2020, Grant Agreement 101017536

# Service documentation – the basics

1. Why?
2. What?
3. For whom?
4. How?

[Image source](#)

# WHY do service documentation?

1. Support discovery of your service!
2. Attract (new) users!
3. Give usage guidelines & best practice
4. Maintain your own knowledge

[Image source](#)

# WHAT counts as service documentation?

1. (Short) descriptions (what, for whom, benefits, ...)
2. Introductory video
3. Usage instructions (step-by-step)
4. Usage examples & use cases
5. Technical specifications
6. Code & scripts (well-commented)
7. ...

[Image source](#)

# WHO needs service documentation?

1. Potential users
2. Actual users – newbies and experienced alike
3. IT developers in other organisations
4. Communicators in your own organisation
5. ...

EOSCFuture

# HOW do you create service documentation?

1. Form a team with IT developers, communicators and researchers
2. Analyse requirements & “drivers”
3. Define your target audience(s)
4. Decide your ambition level & priorities
5. Start simple: description, usage guide, tech specs
6. Plan for collecting feedback
7. Consider sustainability & update frequency

[Image source](#)

# Today: focus on service descriptions (for EOSC)

The field “Description” in the [EOSC “Resource Profile” metadata model](#) should contain “A high-level description *in fairly non-technical terms* of

- a) what the Resource does, functionality it provides and Resources it enables to access,
- b) the benefits\*) to a user/customer delivered by a Resource,
- c) list of customers, communities, users etc. using the Resource.”

Basically: **What? Why? For whom?**

**=> two hands-on exercises**

\*) Benefits are usually related to “alleviating pains or producing gains”

Questions or comments?

**EOOSC Future**

## Exercise 1:

# Let's look at some examples of service descriptions

November 9, 2022

The EOOSC Future project is co-funded by the European Union Horizon Programme call INFRAEOOSC-03-2020, Grant Agreement 101017536

# Exercise 1

You will

- Look at 3 real examples of EOSC Marketplace service descriptions
- Assess if you think these address the 3 criteria (What? Why? For whom?) in a “fairly non-technical manner”
- Combine your results with those of fellow participants and discuss

We will divide you into 4 breakout rooms at random

Materials: [detailed instructions](#) and a [worksheet template](#)

## Short break

- please be back in the Zoom main room at 14:00 sharp!

# Write your own service description

## Exercise 2:

November 9, 2022

The EOOSC Future project is co-funded by the  
European Union Horizon Programme call  
INFRAEOOSC-03-2020, Grant Agreement 101017536

## Exercise 2

In this exercise you will create a description of your own service!

- For each of the 3 criteria (What? Why? For whom?)
  - Start by collecting keywords or bullet points
  - Then, convert these into (2-3) sentences
- Combine into a paragraph of text, using a “fairly non-technical” style
- Copy over to the common document
- Discuss: What was easy? What was harder? How do your descriptions compare to the ones from Exercise 1?

Please convene in the **same breakout groups** as for Exercise 1 !!!

Materials: [detailed instructions](#) and a [worksheet template](#)

# Summary of exercise outcomes & wrap-up

November 9, 2022

The EOSC Future project is co-funded by the  
European Union Horizon Programme call  
INFRAEOSC-03-2020, Grant Agreement 101017536

# Summary of the day

1. Quick reports from the breakouts (mainly Exercise 2)
2. Reflections & discussion
  - a. Do you think differently about service descriptions now?
  - b. Will you be able to apply what you learned today in your work?
  - c. What other types of service documentation are needed for your service(s)?
3. Future plans for service provider training

# Request for feedback

Please help us to develop good training by giving feedback on what you think of today's workshop!

1. Fill out the [feedback form](#) (see link in chat)
2. Contact us directly
